Routine Medical and Dental Care Arrange for routine medical and dental care on behalf of the child by a licensed physician, nurse or dentist. Routine care includes an Early Periodic Screening, Diagnosis, and Treatment examination within 30 days of initial placement and immunizations as needed. The caregiver must discuss routine care needs with the assigned DCYF case worker who will incorporate routine care needs into the child's written service plan. Mental Health and Substance Abuse Services and Treatment Arrange for mental health and substance abuse evaluations and treatment as needed and directed. Dispensing Prescribed and Over-the-Counter Medications Dispense medications prescribed for this child as indicated by the health care provider on the prescription bottle. Use reasonable discretion to dispense "over the counter" medications listed in WAC 110-148-1575 (found at http://app.leg.wa.gov/WAC/default.aspx?cite=110-148-1576) and 110-145-1860 (found at http://app.leg.wa.gov/WAC/default.aspx?cite=110-148-1680). Emergent Medical or Dental Care Arrange and consent, without prior notice to the assigned worker, to such emergent medical care as is necessary to prevent death or serious injury to the child. In cases in which prior notice is not given, the caregiver will notify the assigned worker as soon as possible after the child's medical needs are met. Eductional Decisions-Keep the child errolled in the school the yare currently attending while a Best Interest Determination is being made. The caseworker will coordinate with the student's education team and include the Special Ed Staff when applicable. Change schools when it is practical and in the best interest of the child. Policy 4302A Out-of-State Travel Over 72 Hours Transport the child or setsing the child's assigned worker and the approval for such travel is documented in the child's assigned worker and the approval for such travel is documented in the child.
