Prepare to address the “how.” Think of subgroups as categories for our recommendations.

Subgroups: Breakout Exercise & Discussion

Add topics that you feel should be addressed by your subgroup. If your subgroup is a chapter of our report, what are the sections within that chapter?

Browse what is being populated in other subgroups. Add if you notice anything missing.

Do these seem like the right subgroups to be in? Do we need to merge or split up any subgroups? Do any need better defining? Keep in mind the size of our full group and not wanting to spread ourselves too thin.
