\* For Client confidentiality: Summary Numbers between 1-9 cannot be shared outside DCYF

Family Time Visitation contracts are paid monthly therefore, numbers should be considered draft until a full month has passed.

These counts only represent children on FamLink visit plans

Theses counts represent every child once

Numbers will fluctuate from week to week as the number of scheduled visits fluctuate weekly per the visit plans.

Refinement of the data collection is ongoing and may impact the numbers

7/08/2020 - Statewide added

7/15/2020 - Modality of Both added to show where children are receiving both Virtual and Regular In-Person visitation

8/19/2020 - Reduced the chart to show only the latest 12 weeks of data

8/23/2020 - Children reported as No Visit Recorded who were missing from a visit that occurred are now counted in the Missed No-Show category
