Data Enhancement Recommendation 1

Align Data Requirements: DCYF should improve reporting efficiency by working across LIAs, models, and funders to align data collection and reporting requirements and minimize inefficiencies.

Activities / Tasks	SFY23	SFY24 Q1	SFY24 Q2	SFY24 Q3	SFY24 Q4	SFY25 Q1	SFY25 Q2	SFY25 Q3	SFY25 Q4
A Reduce or eliminate duplicate or unnecessary reporting within the HVSA.									
A.1 Develop enrollment and service use data report to meet monthly and quarterly PSRS reporting - reconsider this		▨	▨						
A.2 *Suggestion: Map out data collection & reporting systems for HVSA-supported models* Support LIAs transitions from Penelope to VisitTracker	▨	▨	▨						
B Align reporting requirements and definitions with other funders, as possible									
B.1									
B.2									
C Tailor reporting requirements and/or measures to models, as possible									
C.1									
C.2									
D Support innovations in data collection, including technology and staffing solutions									
D.1 ARPA funds used for tablets? Or other DCYF funds for changes in staffing?									
D.2									
E Work with model and program data systems to implement changes to accommodate the needs of the HVSA									
E.1 Add new HVSA-required data elements to DAISY data collection system	▨	▨	▨						
E.2 Launched new individual benchmark report for PAT families in VT	▨								
E.3 Standardize HVSA Funding codes in Flo	▨								
E.4 Adjustments to VT for FamilySpirit	▨	▨							
F Identify opportunities to use Admin. Data to alleviate data collection (Birth certificates, Medicaid claims; developmental screening)									
F.1 Partner with Strong Start to enroll families and Home Visitors as users						X	X		
F.2
