

CIHS EBP Training Calendar

CIHS Programs is committed to maintaining a six-month training calendar for EBPs. Trainings will be scheduled based on need and available resources. For information about how DCYF allocates training resources, read the [EBP Training Resource Allocation](#) document.

If you are requesting training for an EBP that you have not already implemented:

- Complete the [EBP Readiness Assessment](#) and send it to your regional lead
 - Your regional lead will review and make an approval decision. If approved, they will submit a request to update your CIHS contract to include the new EBP
- For each requested trainee, complete and submit to your regional lead the [EBP Staff Selection Criteria](#) no later than 45 days prior to the training
- Submit the [Training Roster](#) to your regional lead with all requested trainees in one document no later than 45 days prior to the training

If you are requesting training for an EBP that you already have in your CIHS contract:

- For each requested trainee, complete and submit to your regional lead the [EBP Staff Selection Criteria](#) no later than 45 days prior to the training
- Submit the [Training Roster](#) to your regional lead with all requested trainees in one document no later than 45 days prior to the training

Your regional lead will notify you of who has been approved to attend any requested trainings at least 30 days prior to the training start date.
