OurKids Web Application – Information for Caregivers

OurKids functionality is now available from your Desktop, a Tablet or a Mobile Device. With the release of the Web Application the phone version will be disabled. You will need to register with Secure Access Washington (SAW) to access the new OurKids Web Application.

Access OurKids using SAW account at https://SecureAccess.wa.gov

Please Note: If you already have a SAW account from Washington State you will be able to use your existing account.   The application will need to be selected using Add Service so that it is available when you sign in with your account.

You will be asked three registration questions that will be: your provider number, email address and zip code to verify your identity. Note: This is based on information on file with the Department, under your provider information record.

Once approved you will be able to access the following information for children that are placed in your home.
