Licensing Process

110-147-1310 | Am I required to have a license to provide care to children?

You must be licensed if you provide care on a twenty-four hour basis to a child who is not related to you. Exceptions to this rule are listed in RCW 74.15.020 or by order of the court under chapters 26.10 RCW or RCW 13.34.065.

110-147-1315 | When will the department grant me a license?

- (1) We issue you a child-placing agency license when you, your staff and volunteers, property and premises meet the regulations contained in this chapter, and all required documents are in the licensing file.
- (2) If you are providing Adoption services you must meet the additional requirements in WAC 110-147-1660 to 110-147-1730.
- (3) If your licensed program is providing specialized services for medically fragile children, day treatment services, or maternity services for pregnant and parenting youth, you must meet additional requirements in chapter 110-145 WAC.

110-147-1320 | How old do I have to be to apply for a license to provide care to children?

You must be at least twenty-one years old to apply for a license to provide care to children.

110-147-1325 | What is required to apply for a child-placing agency license?

- (1) You must submit a completed application which is available from the division of licensed resources; and
- (2) You, your executive director, agency staff, consultants, interns, volunteers, and anyone who may have unsupervised access to children per chapter 110-04 WAC are required to:
 - (a) Submit a completed background authorization form;
 - (b) Complete an FBI fingerprint check if the individual over eighteen years of age has lived out of state during any portion of the previous three years; and

(c) Ensure that no employee, volunteer or subcontractor has unsupervised access to children until a full and satisfactory background check is completed and documentation qualifying the individual for unsupervised access, has been returned to you. Your employees are allowed to work while awaiting fingerprint results, under the provisions of WAC 110-05-0010 through 110-05-0070.

110-147-1330 | How does the department determine my suitability to become a licensed provider?

- (1) The department determines your suitability as a licensed provider after receiving your application, background authorization(s) for those listed in WAC 110-147-1325(2), and all required documentation outlined in this chapter.
- (2) You, your employees and volunteers must not have had a license or contract denied or revoked from an agency that regulates the care of children or vulnerable adults, unless the department determines that you do not pose a risk to a child's safety, well-being and long term stability.
- (3) You, your employees and volunteers must not have been found to have committed abuse or neglect of a child or vulnerable adult, unless the department determines that you do not pose a risk to a child's safety, well-being, and long-term stability.
- (4) You must demonstrate that you, your employees and volunteers have:
 - (a) The understanding, ability, physical health, emotional stability and personality suited to meet the physical, mental, emotional, cultural, and social needs of the children under your care; and
 - (b) The ability to furnish children with a nurturing, respectful, and supportive environment.
- (5) At any time, we may require you or your employees and volunteers to give additional information. We may also require an evaluation of your facility or property, or of a staff person working for your agency, by an evaluator recommended by us. Any evaluation requested by the department will be at your expense. You must give the evaluator written permission to share information with us prior to and throughout the evaluation process.
- (6) Any employee, intern, or volunteer who is found to have misrepresented or provided fraudulent information may be disqualified.
- (7) Before granting or renewing a license, your licensor will assess your ability to provide a safe environment for children and to provide the quality of care needed by children placed in your care. Your licensor will also determine that you meet training requirements.

110-147-1335 | What additional steps must I complete prior to licensing?

- (1) You must submit to your licensor a detailed written program description for DLR approval. In the description you must outline:
 - (a) Your mission and goals;
 - (b) A description of the services you will provide to children and their families;
 - (c) Your written policies covering qualifications, duties and on-going training for developing and upgrading staff skills; and
 - (d) A description of your agency's policies and procedures.
- (2) You must have a site inspection by your DLR licensor or someone designated by DLR who can verify that your Washington state premises have:
 - (a) Adequate storage for staff and client files;
 - (b) A working telephone;
 - (c) Adequate space for privacy when interviewing parents and children;

- (d) Room or area used for administrative purposes;
- (e) Adequate space for visitation, if needed; and
- (f) Your license clearly posted (if inspection is for a renewal license).

(3) You and your staff are required to submit a negative tuberculosis (TB) test or an X-ray, unless you have had a negative TB test in the previous twelve months. If there is a positive TB test, then the individual must submit a physician's statement identifying that there is no active TB or risk of contagion to children in care.

- (a) We may grant an exception to the TB test, in consultation with a licensed health care provider.
- (b) This exception would require a statement from a licensed health care provider (MD, DO, ND, PA or ARNP) indicating that a valid medical reason exists for not having a TB test.

110-147-1340 | How long do I have to complete the licensing application process?

- (1) You must complete your licensing application and submit all DLR required documents within ninety days of submitting the application and background authorization forms to the department.
- (2) If you do not meet this ninety-day deadline, your licensor may withdraw your application.
- (3) As a courtesy, a renewal notification and renewal materials will be sent one hundred and twenty days prior to your license expiration date. If you do not receive this renewal notice it is your responsibility to contact your licensor.
- (4) You must send the renewal application and all required background authorization forms to your licensor at least ninety days prior to the expiration of your current license.

110-147-1345 | What are the roles of the department and the CPA?

- (1) We license CPAs, including tribal CPAs, to supervise foster homes. You are authorized to certify to the department that a foster home meets the licensing regulations contained in chapter 110-148 WAC.
- (2) You have the discretion to certify or not to certify a foster home.
- (3) You may, at your discretion, have additional regulations for a foster home to become and remain a licensed foster home under your supervision.
- (4) The department has the final approval for licensing a foster home that you have certified.

110-147-1350 | How must I certify a foster home for licensing by the department?

- (1) You must use applications, home study forms, and procedures that are approved by the department.
- (2) A foster home must be certified by your child-placing agency as meeting the licensing requirements in chapter 110-148 WAC in order to be licensed by the department.
- (3) A social service staff person must review and sign approval for the foster home licensing application packet before the application is submitted to DLR.
- (4) The department has the final approval of licenses for a foster parent applicant.

110-147-1355 | How long is my license valid?

- (1) Your license is issued for a three-year period.
- (2) Your license is valid only for the person or organization named on the license and only for the specific address listed on the license.
- (3) Your CPA license must be posted where the public can easily view it.

110-147-1360 | Who shall have access to my agency?

The department must have access to your agency, staff, foster homes, and the children in your care at any time. You must allow us to meet privately with staff or children in your care, at our request. We must also have access to the documents related to your program.

110-147-1365 | Am I required to comply with local ordinances?

You are responsible for following all local and state regulations such as zoning regulations, community covenants, local building codes and fire codes. The department may require you to provide proof that you are complying with these regulations.

110-147-1370 | What happens when licensing requirements differ from contract requirements?

You may hold a contract with the state in order to provide services, but if you provide services as a child-placing agency you must also meet the licensing requirements outlined in this chapter. When contract or other statutory requirements differ from licensing, you must meet the highest standard.

110-147-1375 | May an agency be issued more than one type of license?

- (1) An agency may not be licensed by DLR for more than one type of license in the same building (A group care facility and a CPA for example), unless the department determines that care of one type of client does not interfere with the care of another type of client, and you have approval from the DLR administrator. We may require separation of client populations between the programs. You must meet the requirements for both licenses.
- (2) If you have multiple licenses issued by different DSHS licensing agencies in the same location, you must obtain approval from DLR prior to providing services and accepting placements.

110-147-1380 | What must be included in a home study completed by my agency?

- (1) The home study must include the following information:
 - (a) The applicant's motivation to foster or adopt;
 - (b) The family's plan for honoring the child's ethnic and cultural heritage;
 - (c) The education or training needs for the special needs of children;
 - (d) The applicant's need for support and description of current support system;
 - (e) The applicant's life experiences and challenges;
 - (f) The applicant's parenting skills, child discipline practices, and beliefs and attitudes on education;
 - (g) The family life of the applicant(s);
 - (h) The health of all family members;
 - (i) The applicant's religious or spiritual beliefs;
 - (j) The physical facility and premises of the property; and
 - (k) The resources and financial history of the applicant(s).

110-147-1385 | What children may I serve?

- (1) Foster homes that you certify as meeting our licensing requirements may accept children only from:

- (a) Your child-placing agency; or
- (b) A different child-placing agency or the department if there is an agreement written in advance between your child-placing agency and the other child-placing agency/department specifying the criteria and conditions for placement of the children. The written agreements must specify roles and responsibilities of each agency.

110-147-1390 | How does the department decide which children will be placed in the homes I certify?

- (1) We are responsible for the safety and well-being of the children placed in our custody by parents or the court and will place children where we believe is in their best interest.
- (2) We specify the maximum number, age range, and gender of children in each home you certify. We will base this on the skills and number of caretakers, the physical accommodations of the foster home, and the needs of children placed in a foster home. Based on this evaluation, we may license a foster home for the care of fewer than the maximum number of children.

110-147-1395 | Do I have to admit or retain all children?

- (1) You have the right to refuse to admit or retain a child in your program. The exceptions to this requirement are individual programs that have contracts that specify a child cannot be denied admission.
- (2) A joint decision may be made by the provider, the placement agency and us to serve the child elsewhere, for the health and safety of the child or others.

110-147-1400 | What do I need to consider in making foster care placements?

- (1) In planning a foster care placement for a child, you must consider:
 - (a) The child's basic right to their own home and family;
 - (b) Proximity to the child's birth parents, extended family and other supports;
 - (c) Each child's individual needs, including cultural, spiritual and religious background and family situation; and
 - (d) The wishes and participation of each child's parent(s).
- (2) Every foster care placement that you facilitate must be based on well-planned, individual preparation of the child and the child's family. In emergency situations, you may place a child in a foster home prior to preparing the child and the child's family.
- (3) A child may be placed in foster care only with the written consent of the child's parent(s), or a protective custody order, or under another court order. This consent or order must include approval for emergency medical care or surgery.

110-147-1405 | May I share information about the child with the foster parents?

- (1) You must give foster parents any information that may be shared about the child and the child's family. Sharing information about behavioral and emotional challenges is especially important. This helps foster parents make an informed decision about whether or not to accept a child in their home and provides for safety and supervision of the child(ren).
- (2) You must inform the foster parents that this information is confidential and cannot be shared with persons who are not involved with the care of the child.
- (3) You must document in the child's file that you have shared this information at the time of placement.

Rule Violations and Corrective Actions

110-147-1410 | Will you license or continue to license me if I violate licensing regulations?

- (1) We may modify, deny, suspend or revoke your license when you, your employees or volunteers:
 - (a) Do not meet the licensing regulations in this chapter;
 - (b) Have not been cleared for unsupervised access to children;
 - (c) Have been determined by us to have abused or neglected a child;
 - (d) Have committed, permitted, or assisted in an illegal act on the premises of a facility providing care to children;

 - (f) Knowingly allowed employees or volunteers who made false statements or omitted critical information on their applications to work at your agency;

 - (h) Cannot provide for the safety, health and well-being of the child(ren) in your care; or
 - (i) Do not meet the health and safety requirements of the department of health and/or the Washington state patrol fire protection bureau (WSPFP), if required.
- (2) We may suspend or revoke your license if you have children in your certified homes for whom you are not licensed, without approval of your DLR licensor. This includes having more children, or children of different ages or gender than the license allows.
- (3) We will send you a certified letter telling you of the decision to modify, deny, suspend or revoke your license. In the letter, we will also tell you what you need to do if you disagree with the decision.
- (4) The department has jurisdiction over all licenses issued by DLR and over all holders of and applicants for licenses as provided in RCW 74.15.030(5). Such jurisdiction is retained even if an applicant requests to withdraw the application, or you surrender or fail to renew your license.

110-147-1415 | Are there exceptions made if I do not meet the licensing regulations?

- (1) We may make exceptions and license or continue to license you if you do not meet the minimum licensing regulations if we find that you can provide for the safety, health and well-being of children in your care.
- (2) In addition, we may limit or restrict your license and/or require you to enter into a compliance agreement to ensure the safety and well-being of the children in your care.
- (3) You must keep a copy of the approved exception to the licensing regulations for your files.
- (4) You do not have appeal rights if the department denies your request for an exception to the licensing regulations.

110-147-1420 | Can employees, volunteers and subcontractors be disqualified from having access to the children in my agency?

- (1) The department must disqualify employees, volunteers or subcontractors if they do not meet the regulations of chapter 110-147 WAC or cannot have unsupervised access to children because of their background check as outlined in chapter 110-04 WAC.
- (2) We will notify you if a person in your agency is disqualified from having unsupervised access to children. This could also lead to denial, suspension or revocation of your license.

110-147-1425 | What may I do if I disagree with your decision to modify, deny, suspend or revoke my license, or to disqualify my background check?

You have the right to request an administrative hearing if you disagree with any of these actions. You must request this hearing within twenty-eight calendar days of receiving a certified letter with our decision (see chapter 34.05 RCW). To request a hearing you must send a letter to the office of administrative hearings, P.O. Box 42489, Olympia, Washington 98504-2489, 1-800-583-8271. The letter must have the following:

- (1) A specific statement why you disagree with our decision and any laws you believe are related to your claim; and
- (2) A copy of the certified letter we sent to modify, revoke, suspend, or deny your license or to disqualify your background check.

110-147-1430 | How do I appeal the decision of the office of administrative hearings' administrative law judge?

- (1) The decision of the administrative law judge is the final decision of the department unless you or the department files a petition for review with the DSHS board of appeals within twenty-one calendar days after the administrative law judge's decision is mailed to the parties.
- (2) The procedure for requesting or responding to a petition for review with the board of appeals is described in WAC 110-03-0520 through WAC 110-03-0540.
- (3) We will not appeal decisions made by the board of appeals.
- (4) If you disagree with the board of appeals, you may file a petition in Superior Court and ask for further review (RCW 34.05.510 to 34.05.598).

110-147-1435 | Can I be issued a probationary license?

- (1) We may issue a probationary license as part of a corrective action plan with you.
- (2) We will consider the following when deciding whether a probationary license will be issued:
 - (a) An intentional or negligent violation of licensing regulations;
 - (b) A history of violation of licensing regulations;
 - (c) A current violation of licensing regulations;
 - (d) Whether you are making a good faith effort to comply; and
 - (e) Any other factors relevant to the specific situation.
- (3) A probationary license may be issued for up to six months. At our discretion, we may extend the probationary license for an additional six months. You may not appeal our decision not to issue a probationary license.
