Introduction to the 2025-26 ECEAP Performance Standards

The Early Childhood Education and Assistance Program is Washington State's pre-kindergarten program that supports children and families who are furthest from opportunity. ECEAP provides high-quality comprehensive services that focus on the whole child. Children receive individualized, child-centered services including education, health coordination and family support services.

The ECEAP Performance Standards explain the service delivery requirements of the Washington State Early Childhood Education and Assistance Program (ECEAP). They serve as the basis for ECEAP program monitoring. Contractors must ensure compliance with the ECEAP Performance Standards for all sites, including subcontracted sites, per their contract with the Department of Children Youth and Families.

ECEAP Contractors must also comply with all applicable Tribal, federal, state, and local regulations.

Equity Statement

DCYF ECEAP commits to dismantling racism and building an equitable state-funded preschool system in Washington.

- Increasing our understanding of and capacity to address the deep-rooted impacts of bias and racism at every level is the highest priority for our team.
- We embrace equity as a foundation of and driving force behind our work by listening to and learning from families, contractor staff and communities.
- Driven by this commitment, we develop and revise systems, policies and practices, with the goal of eliminating disparities and transforming lives.

The 2025-26 Standards will be in effect beginning July 1, 2025

Performance Standards are the minimum requirements to address the goals of ECEAP. Contractors are encouraged to exceed standards based on community, child and family needs to:

- Provide a comprehensive center-based infant/toddler and prekindergarten program that integrates education, family support and health services.
- Foster the development of the whole child and enhance opportunities for success in school and life.
- Focus on parent and family strengths and support each parent as their child's first and most important teacher and provider of safety, loving care, and stability.
- Acknowledge, affirm and honor each family's culture and language, and ensure culturally relevant services.
- Ensure that parents and families know and feel that ECEAP cherishes their child.

These Performance Standards are the work of many dedicated ECEAP program administrators, staff, and families who shared their vision and expertise.

“504 Plan”— is a formal plan required by Section 504 of the Rehabilitation Act of 1973, which prevents discrimination based on disability. A 504 Plan supports schools in providing “free appropriate public education” (FAPE) for students with a physical or mental impairment that limits one or more major life activities.

“Affirmative Action” means taking action to increase the representation of affected groups in the workforce when a particular group is under-represented.

“Alternative Attendance Plan” means a temporary plan, with a beginning and end date, developed with the family, that ensures comprehensive services when a child is unable to attend or unavailable for the regular daily schedule.

“Annual Learning Plan” means the annual plan that focuses on each staff’s professional development goals.

“Anti-Bias” practices involve creating a community that supports all dimensions of human differences, including culture, race, language, ability, learning styles, ethnicity, family structure, religion, sexual orientation, gender identity, gender expression, age, and socioeconomic differences. Which includes addressing issues of personal and social identity, social-emotional relationships with people different from oneself, prejudice, discrimination, critical thinking, and taking action for fairness.

Overview – Expulsion

ECEAP is committed to leading with racial equity and prohibiting the historical outcomes for students of color. The goal of ECEAP's no expulsion standard is to ensure children and families are provided with resources and supports that are focused on child strengths. The standard is intended to prevent the disproportionate expulsion and restraint of students of color and ensures continuous enrollment in quality programming. The standard guides contractors in tailoring resources to needs, developing support plans with families and implementing supports with fidelity.

Steps to supporting no expulsion in programs include and are not limited to; meetings with families, developing and implementing a Child Focus Response Plan, consultation with an Infant and Early Childhood Mental Health Consultant and outlining temporary services through an Alternative Attendance Plan.

IC-11 No Expulsion

- (1) Staff-child ratios and group size maximums must be determined by the age of the majority of children and the needs of children present. A contractor must ensure ECEAP providers determine the age of the majority of children in a class at the start of the year and may adjust this determination during the program year, if necessary. Where state or local licensing requirements are more stringent than the teacher-child ratios and group size specifications in this section, a program must meet the stricter requirements. ECEAP providers must maintain appropriate ratios during all hours of program operation, except:

Overview – Recruitment, Eligibility, and Enrollment

ECEAP recruitment, eligibility, and enrollment standards are determined by both legislation through Revised Code of Washington ([RCW 43.216.500-602](#)) and requirements found in the Washington Administrative Code ([WAC 110-425](#)). The standards below ensure that Washington children most in need of ECEAP are enrolled, within the state's allotted funding. The Early Learning Management System (ELMS) is designed to guide contractors through this process.

Steps to enrolling a family include recruitment, application, verification of eligibility, prioritization, and then enrollment. Not all eligible children will receive ECEAP services. Enrollment depends on the number of available slots for the children on the eligible, prioritized waiting list.

To ensure fair access to ECEAP, Contractors:

- Develop and implement a recruitment process to actively inform all families with eligible children of the availability of services.
- Consider linguistic and cultural diversity and community needs when developing recruitment strategies.

- Work with neighboring ECEAP, Head Start, and Tribal Sovereign Nation programs to ensure enrollment of as many eligible, high priority children as possible. This includes joint outreach efforts and referrals as determined by the service agreement.
- Encourage and assist families to apply for admission to the program.
- Verify eligibility of each applicant.
- Prioritize eligible children for enrollment in available slots.
- Maintain prioritized waiting lists so it is possible to quickly refill vacant slots and demonstrate statewide need for ECEAP.
- Ensure that ECEAP funds are only used for services for eligible children.

DCYF requires all ECEAP enrollment staff to record in ELMS which documents they viewed to determine child eligibility and prioritization. Contractors are not required to retain copies of these documents.

If a tribe cannot identify a child as Indian, but there is reason to believe that child meets qualifications, under WAC 110-110-0010 DCYF ECEAP qualified personnel will make that determination.
 - (b) Exception: Contractors have up to 90 calendar days to verify eligibility under certain circumstances when documentation is not immediately available such as homelessness, natural disasters, fire, domestic violence. In some cases, Kinship caregivers who do not have access to documents may fall in this exception. Children may begin class if presumed eligible and high priority. If the ELMS application is locked, contractors must contact ELMS Support to update the application within 90 calendar days, counting the child's first day attending class as day one.
- (2) In ELMS, contractors must identify the documents used to verify eligibility.
- (3) For each enrolled child, contractors must retain a statement signed by a staff person certifying that they viewed and verified documentation establishing the child's eligibility for ECEAP. Contractors must also retain a statement signed by the ECEAP child's parent/guardian certifying that to the best of their knowledge, the information entered on the application is true and correct. These statements are available on the DCYF child applications.

- (4) In the absence of other documents to verify authority to enroll and family size, contractors may accept a parent or guardian's signed statement.
- (5) Contractors must write and implement a verification procedure for enrollment of all children that avoids conflicts of interest and ensures staff do not verify eligibility for close relations or their own children.
- (6) Child applications remain valid for eligibility purposes for the school year for which the family applied.
 - (a) Contractors must re-verify eligibility for children who never attended ECEAP, whose initial application was in the previous school year (July 1 to June 30).
 - (b) Contractors must verify eligibility for siblings applying for subsequent years.
 - (c) It is not necessary to re-verify eligibility for children who attended ECEAP and are still age-eligible, except for eligibility for Working Day ECEAP as noted in PAO-40.

PAO-42 Authority to Enroll Child

- (1) A person has the authority to enroll a child into ECEAP if they are:
 - (a) The child's biological, adoptive, step, or foster parent.
 - (b) Awarded custody by a court via a Non-Parental Custody Decree.
 - (c) Granted temporary custody via a written temporary parental consent agreement, which:
 - (i) Must be signed by both parents or explain why one parent is not available.
 - (ii) Must be agreed by the parent and the person assigned temporary custody.
 - (iii) Need not be approved by a court or notarized.
 - (d) Acting *in loco parentis* (in the place of a parent) by intentionally assuming the duties of a parent and responsible for exercising the day-to-day care and control of the child.

PAO-43 Calculating Family Size

- (1) To establish family size for the purpose of determining state median income, contractors must count all people who meet all of the following criteria:
 - (a) Living in the same household with the ECEAP child.
 - (i) Exception: Do not include hosts of families temporarily sharing housing with relatives or others.
 - (b) Related to the parent(s) or legal guardian(s) by blood, marriage, or adoption.
 - (i) Include the ECEAP child and the child's parent(s) in this count.
 - (c) Supported by the income of the parent(s) or legal guardian(s) of the ECEAP child.
 - (i) Do not include household members age 19 or older who have earned or unearned income that covers half or more of their support.
- (2) Exception: For children in foster care, in kinship care, or adopted from foster or kinship care, count only the ECEAP child.

PAO-44 Whose Income to Count

- (1) When determining a child's income eligibility, contractors must count the income received by the ECEAP child's parent(s) or guardian(s).
- (2) Exceptions:
 - (a) For a child in foster care, count only the amount of the foster care grant applicable to the ECEAP child. If there is no grant, count the income as zero.
 - (b) For a ECEAP child in kinship/relative care, count only the amount of the DSHS Non-Needy Relative, *in loco parentis*, legal guardian grant, Supplemental Security Income (SSI, Social Security Survivor Benefits (SSA) or Social Security Disability Insurance (SSDI) payment, or tribal payment applicable to the ECEAP child. If there is no grant, count the income as zero.
 - (c) For children adopted after foster or kinship care, count only the amount of an adoption support grant. If there is no grant, count the income as zero.
 - (d) For a family sharing housing with relatives or others, count only the income of the child's parents or guardians. Do not count the income of hosts.

PAO-45 Which Income to Count

- (1) For each family, contractors may calculate income from either the previous calendar year or the previous 12 months, whichever more accurately reflects the needs of the family.
- (2) For the purpose of determining ECEAP eligibility, count all income of the ECEAP child's parents including:
 - (a) Gross wages or salaries, before taxes and deductions.
 - (b) Net income from self-employment.
 - (c) Income received in a regular or periodic manner such as:
 - (i) Alimony.
 - (ii) Annuity payments.

 - (iv) Emergency assistance cash payments.
 - (v) Insurance payments that are regular (not one-time).
 - (vi) Retirement or pension payments.
 - (vii) Scholarships, grants, or fellowships for living expenses.
 - (viii) Social Security benefits
 - (ix) Strike benefits.

 - (xi) Training stipends.
 - (xii) Tribal income, if taxable.
 - (xiii) Unemployment or Workers' Compensation.
 - (xiv) Veteran's benefits.
 - (d) Interest and dividends from assets.
 - (e) For uniformed services members, all entitlements (pay and allowances) reported on Leave and Earnings Statements, except Basic Allowance for Housing (BAH), Basic Allowance for Subsistence (BAS), Family Separation Housing (FSH), and Hostile Fire Pay/Imminent Danger Pay (HRP/IDP).
 - (f) Gambling or lottery winnings.
- (3) Subtract from income documented child support payments to another household, only if required by a legally binding child support order.
- (4) Do not count as income:
 - (a) Cash from the sale of an asset or bank withdrawals not subject to capital gains.
 - (b) Food or housing received in lieu of wages.
 - (c) Foster Care Grant for non-ECEAP child.
 - (d) Non-cash benefits such as SNAP or Basic Food, housing assistance, Medicaid, Medicare, school lunches, or employer-paid fringe benefits.
 - (e) One-time gifts, loans, inheritances or insurance settlements.
 - (f) Scholarships or educational grants for tuition.
 - (g) Tax refunds.
 - (h) Social Security benefits issued in a child's name.
 - (i) Stimulus payments due to natural disasters, pandemics, or state of emergency.

PAO-46 When a Child Lives in Two Households

- (1) When a child lives in two households, contractors must first determine if there is a primary household. If so, use that household only for determining family size and income. A household is primary if, for example, either the parenting plan awards one household primary custody or one household receives child support from the other household, in which case the receiving household is primary.
- (2) When neither household is primary and neither household receives child support from the other household, both of the following apply:
 - (a) Count the family size for both households and divide by two. If the resulting number is a fraction, round up to the nearest whole number.

- (b) Count half of each of the incomes for the two parents who share legal custody. Do not count the income of their current spouses or partners, if any.

PAO-47 Verifying Annual Income

- (1) Contractors must verify family income before determining whether a child is eligible to participate in ECEAP. Verification of annual income is required for most ECEAP applicants, except:
 - (a) Contractors verify the grant amount for children in foster care and those in kinship/relative care covered by a DSHS Non-Needy Relative, *in loco parentis*, or legal guardian grant.
- (2) To verify income, contractors must view documentation such as:
 - (a) Income tax forms, W-2 forms, or 12 months of pay stubs or pay envelopes.
 - (b) Leave and Earnings Statements for uniformed services members.
 - (c) Documentation of public assistance or other benefits.
 - (d) Child support orders.
 - (e) A statement of income signed by the employer or parent, if no other documentation of income is available.
- (3) Children who enrolled and attended are allowed to remain in ECEAP until they are age-eligible for kindergarten, without re-verification.
- (4) Under specific circumstances, contractors may choose to use the previous months or current month's income to determine eligibility, rather than the annual income.
 - (a) Annual income must first be verified and entered in ELMS.
 - (b) This choice applies when a family's current income is significantly decreased from their annual income due to death, divorce, unplanned job loss, or similar unexpected circumstance.
 - (c) The reason for this exception must be documented in ELMS.

PAO-48 Prioritization

- (1) Contractors must prioritize children for available ECEAP slots starting first with eligible children, and then children allowed for enrollment. To do this, contractors must use the priority point system available on the ECEAP webpage and built into ELMS. This point system is based on:
 - (a) State law regarding priority for children in eligible and allowable categories.
 - (b) DCYF research on factors that impact school readiness and success.
 - (c) Child age, with priority for children who are within one year of kindergarten age.

PAO-49 Exceeds SMI Eligibility (ESE) Slots

- (1) Contractors may provide ECEAP services to children who exceed SMI eligibility (ESE) who are impacted by specific prioritization factors identified by DCYF that are linked by research to school performance.
 - (a) Contractors must actively recruit and enroll income-eligible children within their service area.
 - (b) Contractors must make every effort to fill slots first with children who are eligible according to PAO-38. These children are;
 - (i) at or below 36% SMI
 - (ii) on IEPs
 - (iii) experiencing homelessness,
 - (iv) previously enrolled in Early ECEAP, EHS, ESIT, or ECLIPSE,
 - (v) an Indian child as defined by WAC 110-425-0030 at or below 100% SMI
 - (vi) within the entitled ESE group which is up to 10% of slots statewide.
 - (c) Contractors may enroll additional ESE allowable children who are up to 50% SMI as space is available, up to the initial ESE limit assigned by DCYF to each contractor annually. DCYF may adjust limits throughout the year upon contractor request.
 - (d) DCYF will consider the following factors when reviewing requests for additional over-income slots:
 - (i) The statewide number of enrolled ESE children.

- (ii) The similarity of the income levels, priority points, and prioritization factors of the children described in the applications and other ECEAP children enrolled in ESE slots.
 - (iii) The statewide plan to serve all income-eligible children from families who choose to participate.
 - (iv) The requesting contractor's need to fill slots to fully enroll a class to ensure access to services for income-eligible children.
 - (v) The presence of unserved, income-eligible children in other locations in the state.
- (2) For the purposes of the ESE limit, all children are counted at the time of their first ECEAP enrollment as either income-eligible or ESE.
- (a) Children who enter ECEAP who are eligible as defined in PAO-38(1a-e) do not count against the ESE limit, even if they do not qualify by income.
 - (b) If a child enters ECEAP using an ESE slot and then during the year an active IEP is entered in ELMS for the child or they become McKinney-Vento eligible they will no longer count against the ESE limit.

PAO-50 Waiting Lists

- (1) Contractors must maintain active prioritized waiting lists in ELMS.
- (2) For the purposes of statewide statistics, staff must complete the ELMS prescreen for all children on the waiting list.
- (3) ECEAP waiting lists may include children who are also on a Head Start waiting list, for children who might enroll in either program.

 - (b) Begin all Part Day and School Day classes no later than September 30 of each state fiscal year.
 - (c) Fill each funded ECEAP slot within 45 calendar days. To establish 45 calendar days:
 - (i) At the beginning of the year, count the first day of class as day one.
 - (ii) When a child exits, count the last day the child attended class in person as day one.
 - (iii) When an expected child did not attend, count the first day of class or the last day a child attended in that slot as day one.
 - (iv) ECEAP slots must only be filled with children who are available for enrollment per PAO-51.
 - (d) Complete enrollment in ELMS prior to the child's start of class.
 - (e) Consider a slot full when a child attends class in person and their actual start date is entered in ELMS.
 - (f) Create an enrollment policy with processes for application completions and enrollment timelines. The policy must include how the program will:
 - (i) Complete all enrollment requirements in ELMS prior to the child attending class.
 - (ii) Plan for and implement accommodations for children with developmental delays or disabilities and/or individual care plans.
 - (iii) Ensure enrollment timelines in (1)(a) are met.

- (2) Exceptions:

- (a) It is optional to fill vacancies when the last day the exiting child attended class was in the final 60 calendar days of the school year, except in Working Day classes.
- (b) ECEAP classes that share classrooms with Migrant/Seasonal Head Start may begin when the room is available in October. ECEAP classes that share classrooms with Migrant/Seasonal Head Start must fill each funded ECEAP slot by October 30.

PAO-53 Serving Non-ECEAP Children in the Same Classroom

- (1) Contractors may serve children who are not eligible for ECEAP in the same classroom with ECEAP children, providing:

 - (b) ECEAP Performance Standards are met for all ECEAP children.
 - (c) The contractor reports the number of non-ECEAP children accurately in ELMS and updates this in monthly reports.
