

2019-20 EARLY ECEAP PERFORMANCE STANDARDS

BACKGROUND:

The Early ECEAP Design Team reviewed the Head Start Program Performance Standards (45 CFR Chapter XIII, September 2016), the 2019-20 ECEAP Performance Standards, and where applicable, the new child care licensing WAC (Chapter 110-300). The Early ECEAP Design Team is finalizing their recommendations and we will be adding to the website those recommendations. The Early ECEAP Performance Standards will be available for comment prior to being made final.

The Early ECEAP Design Team recommendations have closely aligned with the Head Start Program Performance Standards for the Early Head Start center-based program.
