# Christina Barreda!

Welcome Christina Barreda as our Portfolio Home Visiting Program Specialist!

Christina began working in the social service field in 2014 working in non-profits serving families. She came to DCYF in 2017 as a Social Service Specialist in a CFWS unit, eventually becoming the primary social worker for Thurston County Family Recovery Court. She transitioned to social service policy in 2021 as a Court Improvement and Family Recovery Court Coordinator. She is excited to learn more about prevention.

Originally from West Texas, Christina moved to Washington in 2008 and has three kids; Orion (15), Nolan (13), and Opal (3) and has been married to her partner (Michael, they/them) for five years. She enjoys hiking, gardening, reading, and especially scary movies.

# Fall All-HVSA Meeting *(Virtual)*

- Registration is now open! Visit <https://cvent.me/yglGmq>
  - If you register as a supervisor or coordinator, you will be asked to indicate an address where packets for your program should be sent. If multiple supervisors/coordinators from your program are registering, please coordinate on your responses.
  - New question this year for break-out groups: What county do you primarily work in?
  - After registering, Cvent will provide an option to download calendar invitation. Reach out to [kmorgan@startearly.org](mailto:kmorgan@startearly.org) with any registration questions.
- Agenda Outline:
  - **Wednesday, November 8, 9:00-12:00:** Speaker presentation and group discussion on topics related to working with families
    - *Audience: Home visiting workforce (including home visitors)*
  - **Thursday, November 9, 9:00-12:00:** HVSA administrative updates, discussion, and feedback opportunities
    - *Audience: Supervisors and program managers*

# Fall All-HVSA Meeting

- Biannual meeting for all HVSA-funded programs. Typically includes:
  - Updates on HVSA systems and opportunities for program feedback
  - Speakers and group discussions about home visiting implementation
  - Opportunities to connect with home visiting peers across models
