

## **Terms and Definitions**

**ASTM International** is the American Society for Testing and Materials International, an international standards organization that develops and publishes voluntary consensus technical standards for a wide range of materials, products, systems, and services.

**CCA** is chromated copper arsenate, a wood preservative and insecticide that contains roughly twenty-two percent arsenic, a known carcinogen. The United States restricted the use of CCA on residential lumber in 2003, but it can still be found on older decks and playground equipment.

**CDC** stands for the Centers for Disease Control, a federal agency that conducts and supports health promotion, prevention, and preparedness activities in the United States, with the goal of improving overall public health.

**CPSC** is the Consumer Product Safety Commission.

**Early Learning Professionals** are all early learning providers, child care licensing staff, and other professionals in the early learning field.

**RCW** means Revised Code of Washington.

**SB 5357** is the bill establishing a pilot project to license outdoor early learning and child care programs.

**WAC** means Washington Administrative Code.
