Chapter 74.15 RCW

And selected excerpts from other state statutes related to licensing.
RCW 74.15.010
Declaration of purpose.
The purpose of chapter 74.15 RCW and RCW 74.13.031 is:

1. To safeguard the health, safety, and well-being of children, expectant mothers and developmentally disabled persons receiving care away from their own homes, which is paramount over the right of any person to provide care;

2. To strengthen and encourage family unity and to sustain parental rights and responsibilities to the end that foster care is provided only when a child’s family, through the use of all available resources, is unable to provide necessary care;

3. To promote the development of a sufficient number and variety of adequate child-care and maternity-care facilities, both public and private, through the cooperative efforts of public and voluntary agencies and related groups;

4. To provide consultation to agencies caring for children, expectant mothers or developmentally disabled persons in order to help them to improve their methods of and facilities for care;

5. To license agencies as defined in RCW 74.15.020 and to assure the users of such agencies, their parents, the community at large and the agencies themselves that adequate minimum standards are maintained by all agencies caring for children, expectant mothers and developmentally disabled persons.

NOTES:
Intent – 1995 c 302: “The legislature declares that the state of Washington has a compelling interest in protecting and promoting the health, welfare, and safety of children, including those who receive care away from their own homes. The legislature further declares that no person or agency has a right to be licensed under this chapter to provide care for children. The health, safety, and well-being of children must be the paramount concern in determining whether to issue a license to an applicant, whether to suspend or revoke a license, and whether to take other licensing action. The legislature intends, through the provisions of this act, to provide the department of social and health services with additional enforcement authority to carry out the purpose and provisions of this act. Furthermore, administrative law judges should receive specialized training so that they have the specialized expertise required to appropriately review licensing decisions of the department.

Children placed in foster care are particularly vulnerable and have a special need for placement in an environment that is stable, safe, and nurturing. For this reason, foster homes should be held to a high standard of care, and department decisions regarding denial, suspension, or revocation of foster care licenses should be upheld on review if there are reasonable grounds for such action.” [1995 c 302 § 1.]

Purpose - Intent - Severability – 1977 ex.s. c 80: See notes following RCW 4.16.190.

Severability – 1967 c 172: “If any provision of this 1967 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.” [1967 c 172 § 24.]

RCW 74.15.030
Powers and duties of secretary.

The secretary shall have the power and it shall be the secretary’s duty:

(1) In consultation with the children’s services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children’s services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(b) The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under this chapter. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;

(c) The number of qualified persons required to render the type of care and treatment for which an agency seeks a license;
(d) The safety, cleanliness, and general adequacy of the premises to provide for the comfort, care and well-being of children, expectant mothers or developmentally disabled persons;
(e) The provision of necessary care, including food, clothing, supervision and discipline; physical, mental and social well-being; and educational, recreational and spiritual opportunities for those served;
(f) The financial ability of an agency to comply with minimum requirements established pursuant to chapter 74.15 RCW and RCW 74.13.031; and
(g) The maintenance of records pertaining to the admission, progress, health and discharge of persons served;
(3) To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons prior to authorizing that person to care for children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.065 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;
(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;
(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;
(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;
(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;
(8) To review requirements adopted hereunder at least every two years and to adopt appropriate changes after consultation with the child care coordinating committee and other affected groups for child day-care requirements and with the children's services advisory committee for requirements for other agencies; and
(9) To consult with public and private agencies in order to help them improve their methods and facilities for the care of children, expectant mothers and developmentally disabled persons.

Each agency shall make application for a license or renewal of license to the department of social and health services on forms prescribed by the department. Such a foster home license shall cease to be valid when the home is no longer under the supervision of that agency. Licenses provided for in chapter 74.15 RCW and RCW 74.13.031 shall be issued for a period of three years. The licensee, however, shall advise the secretary of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed foster-family and family day-care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move, except that for the foster-family home this will apply only if the family remains intact.

Renewal of licenses.
If a licensee desires to apply for a renewal of its license, a request for a renewal shall be filed ninety days prior to the expiration date of the license except that a request for renewal of a foster family home license shall be filed prior to the expiration of the license. If the department has failed to act at the time of the expiration date of the license, the license shall continue in effect until such time as the department shall act.

Initial licenses.
The secretary of social and health services may, at his or her discretion, issue an initial license instead of a full license, to an agency or facility for a period not to exceed six months, renewable for a period not to exceed two years, to allow such agency or facility reasonable time to become eligible for full license. An initial license shall not be granted to any foster-family home except as specified in this section. An initial license may be granted to a foster-family home only if the following three conditions are met:
(1) The license is limited so that the licensee is authorized to provide care only to a specific child or specific children;
(2) the department has determined that the licensee has a relationship with the child, and the child is comfortable with the licensee, or that it would otherwise be in the child’s best interest to remain or be placed in the licensee’s home; and
(3) the initial license is issued for a period not to exceed ninety days.

Probationary licenses.
(1) The department may issue a probationary license to a licensee who has had a license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about noncompliance if:
(a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and
(b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.
(2) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. The department shall immediately terminate the probationary license, if at any time the noncompliance for which the probationary license was issued presents an immediate threat to the health or well-being of the children.
(3) The department may, at any time, issue a probationary license for due cause that states the conditions of probation.

(4) An existing license is invalidated when a probationary license is issued.

(5) At the expiration of the probationary license, the department shall reinstate the original license for the remainder of its term, issue a new license, or revoke the original license.

(6) A right to an adjudicative proceeding shall not accrue to the licensee whose license has been placed on probationary status unless the licensee does not agree with the placement on probationary status and the department then suspends, revokes, or modifies the license.

Licenses – Denial, suspension, revocation, modification – Procedures – Adjudicative proceedings – Penalties.

(1) An agency may be denied a license, or any license issued pursuant to chapter 74.15 RCW and RCW 74.13.031 may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of chapter 74.15 RCW and RCW 74.13.031 or the requirements promulgated pursuant to the provisions of chapter 74.15 RCW and RCW 74.13.031; or (b) that the conditions required for the issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of a foster family home license, the department's decision shall be upheld if there is reasonable cause to believe that:

(a) The applicant or licensee lacks the character, suitability, or competence to care for children placed in out-of-home care, however, no unfounded report of child abuse or neglect may be used to deny employment or a license;

(b) The applicant or licensee has failed or refused to comply with any provision of chapter 74.15 RCW, RCW 74.13.031, or the requirements adopted pursuant to such provisions; or

(c) The conditions required for issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses.

(3) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, other than a foster family home license, the department’s decision shall be upheld if it is supported by a preponderance of the evidence.

(4) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under the provisions of this chapter and RCW 74.13.031 or that an agency subject to licensing under this chapter and RCW 74.13.031 is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed seventy-five dollars per violation for a family day-care home and two hundred fifty dollars per violation for group homes, child day-care centers, and child-placing agencies. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. Chapter 43.20A RCW governs notice of a civil monetary penalty and provides the right of an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

HOPE centers – Establishment – Requirements.

The secretary shall establish HOPE centers that provide no more than seventy-five beds across the state and may establish HOPE centers by contract, within funds appropriated by the legislature specifically for this purpose. HOPE centers shall be operated in a manner to reasonably assure that street youth placed there will not run away. Street youth may leave a HOPE center during the course of the day to attend school or other necessary appointments, but the street youth must be accompanied by an administrator or an administrator’s designee. The street youth must provide the administration with specific information regarding his or her destination and expected time of return to the HOPE center. Any street youth who runs away from a HOPE center shall not be readmitted unless specifically authorized by the street youth’s placement and liaison specialist, and the placement and liaison specialist shall document with specific factual findings an appropriate basis for readmitting any street
youth to a HOPE center. HOPE centers are required to have the following:

1. A license issued by the secretary;
2. A professional with a master’s degree in counseling, social work, or related field and at least one year of experience working with street youth or a bachelor of arts degree in social work or a related field and five years of experience working with street youth. This professional staff person may be contractual or a part-time employee, but must be available to work with street youth in a HOPE center at a ratio of one to every fifteen youth staying in a HOPE center. This professional shall be known as a placement and liaison specialist. Preference shall be given to those professionals cross-credentialed in mental health and chemical dependency. The placement and liaison specialist shall:
   a. Conduct an assessment of the street youth that includes a determination of the street youth’s legal status regarding residential placement;
   b. Facilitate the street youth’s return to his or her legally authorized residence at the earliest possible date or initiate processes to arrange legally authorized appropriate placement. Any street youth who may meet the definition of dependent child under RCW 13.34.030 must be referred to the department. The department shall determine whether a dependency petition should be filed under chapter 13.34 RCW. A shelter care hearing must be held within seventy-two hours to authorize out-of-home placement for any youth the department is appropriate for out-of-home placement under chapter 13.34 RCW. All of the provisions of chapter 13.32A RCW must be followed for children in need of services or at-risk youth;
   c. Interface with other relevant resources and system representatives to secure long-term residential placement and other needed services for the street youth;
   d. Be assigned immediately to each youth and meet with the youth within eight hours of the youth receiving HOPE center services;
   e. Facilitate a physical examination of any street youth who has not seen a physician within one year prior to residence at a HOPE center and facilitate evaluation by a county-designated mental health professional, a chemical dependency specialist, or both if appropriate; and
   f. Arrange an educational assessment to measure the street youth’s competency level in reading, writing, and basic mathematics, and that will measure learning disabilities or special needs;
3. Staff trained in development needs of street youth as determined by the secretary, including an administrator who is a professional with a master’s degree in counseling, social work, or a related field and at least one year of experience working with street youth, or a bachelor of arts degree in social work or a related field and five years of experience working with street youth, who must work with the placement and liaison specialist to provide appropriate services on site;
4. A data collection system that measures outcomes for the population served, and enables research and evaluation that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the secretary;
5. Notification requirements that meet the notification requirements of chapter 13.32A RCW. The youth’s arrival date and time must be logged at intake by HOPE center staff. The staff must immediately notify law enforcement and dependency caseworkers if a street youth runs away from a HOPE center. A child may be transferred to a secure facility as defined in RCW 13.32A.030 whenever the staff reasonably believes that a street youth is likely to leave the HOPE center and not return after full consideration of the factors set forth in RCW 13.32A.130(2)(a) (i) and (ii). The street youth’s temporary placement in the HOPE center must be authorized by the court or the secretary if the youth is a dependent of the state under chapter 13.34 RCW or the department is responsible for the youth under chapter 13.32A RCW, or by the youth’s parent or legal custodian, until such time as the parent can retrieve the youth who is returning to home;
6. HOPE centers must identify to the department any street youth it serves who is not returning promptly to home. The department then must contact the missing children’s clearinghouse identified in chapter 13.60 RCW and either report the youth’s location or report that the youth is the subject of a dependency action and the parent should receive notice from the department;
7. Services that provide counseling and education to the street youth; and
8. The department shall only award contracts for the operation of HOPE center beds and responsible living skills programs in departmental regions: (a) With operating secure crisis residential centers; or (b) in which the secretary finds significant progress is made toward opening a secure crisis residential center.

The plan shall be written within the first thirty days of placement and reviewed every ninety days. A resident who fails to consistently adhere to the elements of the plan shall be subject to reassessment by the professional staff of the program and may be placed outside the program; and

Preservice training.
(1) Preservice training is recognized as a valuable tool to reduce placement disruptions, the length of time children are in care, and foster parent turnover rates. Preservice training also assists potential foster parents in making their final decisions about foster parenting and assists social service agencies in obtaining information about whether to approve potential foster parents.
(2) Foster parent preservice training shall include information about the potential impact of placement on foster children; social service agency administrative processes; the requirements, responsibilities, expectations, and skills needed to be a foster parent; attachment, separation, and loss issues faced by birth parents, foster children, and foster parents; child management and discipline; birth family relationships; and helping children leave foster care. Preservice training shall assist applicants in making informed decisions about whether they want to be foster parents. Preservice training shall be designed to enable the agency to assess the ability, readiness, and appropriateness of families to be foster parents. As a decision tool, effective preservice training provides potential foster parents with enough information to make an appropriate decision, affords potential foster parents an opportunity to discuss their decision with others and consider its implications for their family, clarifies foster family expectations, presents a realistic picture of what foster parenting involves, and allows potential foster parents to consider and explore the different types of children they might serve.
(3) Preservice training shall be completed prior to the issuance of a foster care license, except that the department may, on a case by case basis, issue a written waiver that allows the foster parent to complete the training after licensure, so long as the training is completed within ninety days following licensure.

NOTES:
Finding – 1990 c 284: “The legislature finds that the foster care system plays an important role in preserving families and giving consistent and nurturing care to children placed in its care. The legislature further finds that foster parents play an integral and important role in the system and particularly in the child’s chances for the earliest possible reunification with his or her family.” [1990 c 284 § 1.]
Effective date – 1990 c 284: “This act shall take effect July 1, 1990, however the secretary may immediately take any steps necessary to ensure implementation of section 17 of this act on July 1, 1990.” [1990 c 284 § 27.]

On-site monitoring program.
Regular on-site monitoring of foster homes to assure quality care improves care provided to children in family foster care. An on-site monitoring program shall be established by the department to assure quality care and regularly identify problem areas. Monitoring shall be done by the department on a random sample basis of no less than ten percent of the total licensed family foster homes licensed by the department on July 1 of each year.

Foster parent training.
Adequate foster parent training has been identified as directly associated with increasing the length of time foster parents are willing to provide foster care and reducing the number of placement disruptions for children. Placement disruptions can be harmful to children by denying them consistent and nurturing support. Foster parents have expressed the desire to receive training in addition to the foster parent SCOPE training currently offered. Foster parents who care for more demanding children, such as children with severe emotional, mental, or physical handicaps, would especially benefit from additional training. The department shall develop additional training for foster parents that focuses on skills to assist foster parents in caring for emotionally, mentally, or physically handicapped children.

When the department does so, it shall state the effective date and the reasons supporting the effective date in the written notice given to the licensee or agent.

(c) When the department has received certification pursuant to chapter 74.20A RCW from the division of child support that the licensee is a person who is not in compliance with a support order or an order from court stating that the licensee is in noncompliance with a residential or visitation order under *chapter 26.09 RCW, the department shall provide that the suspension is effective immediately upon receipt of the suspension notice by the licensee.

(3) Except for licensees suspended for noncompliance with a support order under chapter 74.20A RCW or a residential or visitation order under *chapter 26.09 RCW, a license applicant or licensee who is aggrieved by a department denial, revocation, suspension, or modification has the right to an adjudicative proceeding. The proceeding is governed by the Administrative Procedure Act, chapter 34.05 RCW.

The application must be in writing, state the basis for contesting the adverse action, include a copy of the adverse notice, be served on and received by the department within twenty-eight days of the license applicant's or licensee's receiving the adverse notice, and be served in a manner that shows proof of receipt.

(4) (a) If the department gives a licensee twenty-eight or more days notice of revocation, suspension, or modification and the licensee files an appeal before its effective date, the department shall not implement the adverse action until the final order has been entered. The presiding or reviewing officer may permit the department to implement part or all of the adverse action while the proceedings are pending if the appellant causes an unreasonable delay in the proceeding, if the circumstances change so that implementation is in the public interest, or for other good cause.

(b) If the department gives a licensee less than twenty-eight days notice of revocation, suspension, or modification and the licensee timely files a sufficient appeal, the department may implement the adverse action on the effective date stated in the notice. The presiding or reviewing officer may order the department to stay implementation of part or all of the adverse action while the proceedings are pending if staying implementation is in the public interest or for other good cause.

(b) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. (c) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(d) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency’s investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency’s disposition of them. In emergency cases, where the child’s welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be
The department shall use a risk assessment process.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child’s safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents’ choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child’s health or safety, and the department agrees with the physician’s assessment, the child may be left in the parents’ home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of alleged abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child’s home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child’s wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention. The department shall provide annual reports to the legislature on the effectiveness of the risk assessment process.

(14) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(15) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.
