

Guide to Shared Planning Meetings

The purpose of the Guide to Shared Planning Meetings is to act as an extension of the Shared Planning Meetings policy available online at; www.dcyf.wa.gov/1700-case-staffings/1710-shared-planning-meetings. The Guide provides support to Department of Children, Youth, and Families (DCYF) staff and families by clarifying the focus, purpose, timeframe, participants and documentation needed for each shared planning meeting type.

Shared Planning Meeting is the model DCYF uses that includes the participation of families, youth, natural supports and others who can assist in the case planning process. These meetings provide an opportunity for information to be shared and case plans to be developed. All shared planning meetings include a discussion of safety, permanency, and well-being of children and youth, as well as Family Time/Sibling Visit which form the basis for DCYF case plan recommendations to the court.

Notes for Caseworkers:

- Provide qualified interpreters as needed per the DCYF Administrative policies:
